Programs according to their faculties

ARCHITECTURE | CIVIL ENGINEERING| GEOMATICS

Architecture B.A. **restricted admission**

- Core subject: T-course
- Program start: summer and winter semester
- Internship: 13 weeks, the confirmation of completion is required no later than the registration for the module examination of the 6th semester (modules K6 and G6).
- Participation in a preliminary talk. Excluded are applicants who can prove that they are not resident in Germany.

Civil Engineering B.Eng. **restricted admission**

- Core subject: T-course
- Program start: summer and winter semester
- Internship: The 12 week internship is recommended to be completed before the study admission; however, it should not be completed later than the registration for the 20 weeks placement, which is usually scheduled for the 4th semester.

Geomatics and Public Works B.Eng. **non-restricted admission**

- Core subject: T-course
- Program start: summer and winter semester

Real Estate and Facility Management B.Sc. **restricted admission**

- Core subject: T-course / W-course
- Program start: winter semester only
- Intrnship: 12 weeks, recommended to be completed before study admission

Real Estate and Integral Part of Building Technology B.Eng. **restricted admission**

- Core subject: T-course
- Program start: winter semester only
- Intrnship: 12 weeks, recommended to be completed before study admission

COMPUTER SCIENCE AND ENGINEERING

Bioprocess Engineeringk B.Eng **non-restricted admission**

- Core subject: T-course / M-course
- Program start: winter semester only

Electrical Engineering and Information Technology B.Eng **non-restricted admission**

- Core subject: T-course
- Program start: summer and winter semester

Engineering Business Information Systems B.Sc. **restricted admission**

- Core subject: T-course / W-course
- Program start: winter semester only

Computer Science B.Sc. **non-restricted admission**

- Core subject: T-course
- Program start: winter semester only

Computer Science – Mobile Applications B.Sc. **non-restricted admission**

- Core subject: T-course
- Program start: winter semester only

International Business Information Systems B.Sc. **restricted admission**

- Core subject: T-course / W-course
- Program start: winter semester only

Product Development and Technical Design B.Eng. **non-restricted admission**

- Core subject: T-course
- Program start: winter semester only
- Pre-study internship: 8 weeks required, internship duration of 13 weeks is recommended. Proof of the eight-week period must be submitted by the end of the second semester at the latest. At least four weeks of the pre-study internship should have been completed by the beginning of the course.

Mechanical Engineering B.Eng. **non-restricted admission**

- Core subject: T-course
- Program start: winter semester only
- Pre-study internship: 8 weeks required, internship duration of 13 weeks is recommended. Proof of the eight-week period must be submitted by the end of the second semester at the latest. At least four weeks of the pre-study internship should have been completed by the beginning of the course.

Mechanical Engineering (double degree) – Ingeniero Técnico Industrial en Mecánica B.Eng. **non-restricted admission**

- Core subject: T-course
- Program start: winter semester only
- Pre-study internship: 8 weeks required, the proof must be submitted by the beginning of the 3rd semester at the latest.
- Verified knowledge of Spanish, at least B1-CEFR.

Mechanical Engineering Online B.Eng. **non-restricted admission**

- Core subject: T-course
- Program start: winter semester only
- An appropriate 8-week internship, of which 4 weeks need to be verified with the enrollment.

Mechatronics B.Eng. **non-restricted admission**

- Core subject: T-course
- Program start: winter semester only

Service Engineering B.Eng. **non-restricted admission**

- Core subject: T-course / W-course
- Program start: winter semester only
- Pre-study internship: 8 weeks required, internship duration of 13 weeks is recommended. Proof of the eight-week period must be submitted by the end of the second semester at the latest. At least four weeks of the pre-study internship should have been completed by the beginning of the course.

Industrial Engineering (Online) B.Eng. **restricted admission**

- Core subject: T-course / W-course
- Program start: winter semester only

BUSINESS AND LAW

Business Administration B.A. **restricted admission**

- Core subject: W-course
- Program start: summer and winter semester
- For EU-applicants it is additionally required to register via **hochschulstart.de**

Business Administration (Double Degree) B.A. **restricted admission**

- Core subject: W-course
- Program start: winter semester only
- Verified knowledge of French (e.g. DELF B 2) required.
