Teaching and research at a dynamic institution of higher education!

We are looking for persons, who would like to apply their extensive experience in their professional position in teaching and research at our institution of higher education based on an above-average doctorate. Practical orientation, interdisciplinary training, international orientation and regional integration mark our profile. Excellent teaching and research quality is our aspiration.

Our Facultys
1: Architecture • Civil Engineering • Geomatics and 3: Business and Law
are looking for

a Professor (f/m/d)
(Salary grade W2 Hessian Salary Law (HBesG))
for the following field:
Sustainable mobility and cycling as part of the funding
Endowed Chair for Cycling
reference number: 12/2020
in winter semester 2020/2021

The holder of the position should represent the field of cycling in transport planning and logistics (equally weighted) within the lectures in our Bachelor and Master courses.
In addition, research experience in the field of bicycle traffic is desirable.

The holder of the position should represent the research area "Sustainable Mobility and Cycling" in the Research Lab for Urban Transport ReLUT and research cycling solutions at the interface between economics and engineering. The professorship will become part of the ReLUT team and should therefore have a correspondingly broad field of interest. Among other things, the further international orientation of ReLUT should be supported.

The regulations in the HHG for the proof of professional practice have to be proven. The willingness to take on tasks in self-administration is desirable. Applicants are asked to present a continuing education and teaching concept, a research concept as well as a concept for third party funding which should be linked to the strategic alignment of our faculty (see www.frankfurt-university.de/Fb3-application)

For further information please contact via email:
Prof. Dr.-Ing. Petra Schäfer (petra.schaefer@fb1.fra-uas.de; faculty 1, traffic planning) or
Prof. Dr. Kai-Oliver Schocke (schocke@fb3.fra-uas.de; application process and logistics) or

We expect from our professors:
High presence at the institution of higher education and intensive care of our students; participation in basic training i.e. the representation of the relevant field in an introductory form in all degree courses of the faculty; qualification and aptitude to research and successful acquisition of third party funding; gender and diversity competence; participation in international activities of the institution of higher education, including teaching in English language (very good English language skills required); the teaching is mainly in German (fluent German language skills required); participation in
the interdisciplinary Studium generale; contributions to offers in continuing education, life-long learning and eLearning; taking on responsibility in the frame of academic self-administration; continuing education in the technical discipline and higher education didactics; willingness to cooperate cross-regionally with other institutions of higher education in the region; dedication and initiative in the frame of a service-oriented salary.

The hiring conditions are in accordance with §§ 61 and 62 of the Hessian Higher Education Act. This is a permanent contract. The first appointment as a professor is first as a public-service employee on probation or with an unlimited employment contract with a 3-year long probation period. Further official duties and requirements are listed under §§ 61 - 63, 68 and 69 of the Hessian Higher Education Act from Dec 14, 2009 (Federal Law Gazette I p. 666), last amended by law from Dec 18, 2017 (Federal Law Gazette p. 482) – and can be viewed under www.hmwk.hessen.de.

The Frankfurt University of Applied Sciences encourages applications from women in order to elevate the employment share. Persons with disabilities are given preference in the frame of currently valid regulations.
