

Teaching and research at a dynamic institution of higher education!
We are looking for persons, who would like to apply their extensive experience in their professional position in teaching and research at our institution of higher education based on an above-average doctorate (or similar proof of qualification in the field architecture). Practical orientation, interdisciplinary training, international orientation and regional integration mark our profile. Excellent teaching and research quality is our aspiration.

Our Faculty 1: Architecture • Civil Engineering • Geomatics
is looking for

a Professor (f/m/d)
(Salary grade W2 Hessian Salary Law (HBesG))
for the following field:
Geotechnics: Soil engineering and soil mechanics
reference number: **P04/2020**
in the winter semester 2021/22

We are looking for a personality holding a university degree in civil engineering. A doctorate or an adequate accomplishment as well as scientific and pedagogic aptitude are presupposed. Applicants are supposed to teach in all bachelor or master programs of the faculty of architecture, civil engineering and geomatics with the focus on geotechnics and soil mechanics. The teaching language is German predominantly.

The holder of the position is head of the laboratory for soil mechanics, which operates for research and the processing of third-party funds as well.

A specialization in teaching will be the geotechnical planning of objects and bearing structures of deep excavation pits and the foundation of heavy constructions in inner-city areas.

We expect from our professors:

High presence at the institution of higher education and intensive care of our students; participation in basic training i.e. the representation of the relevant field in an introductory form in all degree courses of the faculty; qualification and aptitude to research and successful acquisition of third party funding; gender and diversity competence; participation in international activities of the institution of higher education, including teaching in the English language; participation in the interdisciplinary Studium generale; contributions to offers in continuing education, life-long learning and eLearning; taking on responsibility in the frame of academic self-administration; continuing education in the technical discipline and higher education didactics; willingness to cooperate cross-regionally with other institutions of higher education in the region; dedication and initiative in the frame of a service-oriented salary.

The hiring conditions are in accordance with §§ 61 and 62 of the Hessian Higher Education Act (HHG).

This is a permanent contract. The first appointment as a professor is **first as a public-service employee on probation or with an unlimited employment contract with a 3-year long probation period.**

Further official duties and requirements are listed under §§ 61 - 63, 68 and 69 HHG from Dec 14, 2009 (GVBl. I S. 666), last amended by law from Dec 18, 2017 (GVBl. S. 482) – and can be viewed under www.hmwk.hessen.de.

The Frankfurt University of Applied Sciences encourages applications from women in order to elevate the employment share. Persons with disabilities are given preference in the frame of currently valid regulations.
