Workshop for the Preparation of your Student Thesis

What does the quality of your term paper, project or thesis depend on? Aside from format and structure, citations and textual evidence play an important role in scientific work. A systematic literature review and structured analysis also need to be skilfully crafted. In this workshop, you will receive practical assistance for writing term papers and will be awarded a certificate for your participation upon successful completion.

You are enrolled at the Frankfurt UAS at the Fachbereich 3 – Business and Law? Then we look forward to your participation in the workshop.

The workshops take place exclusively in **presence**. **Registration** on campUAS for the respective date is absolutely necessary.
