

EU Project Begins – Kick-off Conference in Bishkek, Kyrgyz Republic

The overall objective of Central Asia Drug Action Programme (CADAP, Phase 6) is to strengthen the capacity in the five Central Asian (CA) countries to deal with the drug phenomenon in the region in a comprehensive, integrative, and sustainable manner. Frankfurt University of Applied Sciences is responsible for operating one part of this major EU Project. Prof. Dr. Stöver from Frankfurt University of Applied Sciences is responsible for the component that explores treatment and harm reduction programmes in this area. In November 2015 the opening conference of CADAP took place in Bishkek/Kyrgyz Republic and Prof. Dr. Stöver and Ingo Ilja Michels, Federal Ministry of Health, attended this meeting as representatives. Under the auspices of Minister of Foreign Affairs of the Kyrgyz Republic Erlan Abdyldaev and the Head of the Delegation of the European Union to the Kyrgyz Republic Ambassador Cesare de Montis, Petra Hippmann (Counselor, Head of German Development Cooperation, Embassy of Germany) and the overall Project Leader Ernest Robello opened the conference on November, 4th 2015. . Besides regional press and media, stakeholders of all five project countries attended the meeting. During these 2 days important steps and milestones for the project were defined as well as contacts between the partners were made in order to strengthen their relations.
