*In case, the space is not sufficient, please attach an extra page and reference to it here for the verification of additional modules.*

##### 4.1. Necessary technical qualifications (according to § 2 Abs. 2 of the examination regulations)

The qualifications from the formerly completed study includes knowledge and practical competence in at least one of the following areas:

1. Logistics
2. Foreign trade
3. Production
4. Supply chain management
5. Mobility

This knowledge and competence is seen to be verified if the former study program included **at least 30 ECTS-points (credits)** in modules with a focus on the mentioned areas.

##### 4.2. Hints for filling out

- The denoted title has to be **exactly** the one on the transcript of records. Only if the denoted title is exactly the one on the transcript of records, the ECTS-points will be considered for the verification of the technical qualification.
- A module can only be added if \_\_\_\_\_ is within the above-mentioned five areas. In this case there has to be the complete number of ECTS-points for the module added. A partial deduction of the ECTS-points (for example for Units or parts of a module) is not possible.
- The ECTS-points of a **graduation paper** (thesis; including a colloquium or other to the paper connected accomplishments) can to be added, if the topic is out of one of the above-mentioned professional areas. The information about the graduation paper has to include the title.
- **Internships** or operative study phases cannot be listed.
